*Proceedings of the Madras Government, Ecclesiastical Department,*

*19th February 1868.*

Read the following papers :—

No. 35. Proceedings of the Board of Revenue, dated 20th January 1868, No. 433.

Read the following letter from the Collector of Tinnevely, to the Secretary to the Board of Revenue; dated 3rd December 1867, No. 586.

The old burial ground at Tuticorin is now so overcrowded that the European inhabitants have begged me to close it and provide another suitable spot. This I have been able to do, and have secured, free of cost, a plot of ground, sixty yards long by fifty wide, at a convenient distance from the town, just beyond municipal limits. This will, however, be useless until walled round, and I, therefore, request sanction for an outlay of 1800 Rupees. The Engineer has no funds available here to meet the charge; but as the case is emergent, perhaps an allotment may be made from funds available elsewhere.

2. I enclose the plan, estimate, and registered deed making over the ground as a Cemetery.

Submitted to Government, Department of Public Works, for consideration and orders.

(A true Copy and Extract.)

(Signed) R. A. DALYELL,  
*Secretary.*

Referred to the Ecclesiastical Department, with the remark, that no funds are at present available.
