*Proceedings of the Madras Government, Revenue Department,
16th March 1868.*

No. 251. Read the following letter from the Inspector General, Indian Medical Department, to the Secretary to Government, Revenue Department, dated Fort St. George, 3rd March 1868, No. 90 :—

1. With advertence to the Proceedings of Government noted in the margin, I have the honor to state that the supply of Chlorodyne in the Medical Stores is so small, that it has been considered necessary to reserve it for issue to European Hospitals only.

2. Under these circumstances, I regret that it is not practicable to comply with the present requisition from the Collector of Bellary.

3. With reference to paragraph 2 of the Collector's letter, I cannot recommend the wholesale importation of this expensive medicine for distribution on the part of Government, as there suggested. Without calling in question the efficacy of Chlorodyne in the early stages of cholera, I believe it to be no way superior in this respect to Patterson's Pills, which can be provided at a tithe of its cost, and are also more handy for distribution.

No. 252. ORDER THEREON, 16th March 1868, No. 682.

Miscellaneous.

1. Communicated to the Revenue Board, with reference to the letter from the Collector of Bellary, dated 4th February 1868, No.

2. Under the circumstances stated by the Inspector General, Indian Medical Department, the Government are not prepared to import Chlorodyne wholesale for distribution as proposed by the Collector.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.
