*Proceedings of the Madras Government, Public Works Department,
9th January 1868.*

No. 131. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 23rd December 1867, No. 2,605 —

1. I have the honor, with reference to G. O., No. 3,552, dated 18th ultimo, to request you will inform me if I may substitute a terrace or Bengal roof in place of the tile-roofing for the Talook Cutcheries, or if I am to adhere strictly to the standard designs for these buildings.

2. I ask the question as from the very porous description of tiles manufactured in parts of this division, it does not seem to me that they are suited for such large and extensive pukka buildings as those proposed.

3. The cost of terrace or Bengal roofing would certainly be greater, but it will be found more economical and less troublesome in the end.

4. I would also solicit the orders of Government as to whether I may not increase the accommodation proposed for the lock-ups, according to circumstances in each case.

No. 132. ORDER THEREON, 9th January 1868, No. 68.

CIVIL WORKS, No. 18.

The Government see no reason to believe that the so-called Bengal roof possesses any advantages over the ordinary tiled roofing, and they are of opinion that, with proper care in the selection of materials, and the enforcement of good workmanship, the latter description of roofing will be found to be preferable. His Excellency in Council accordingly directs that wherever new Talook Cutcheries are required, the standard designs circulated with G. O. No. 3,552, dated 18th November 1867, be strictly adhered to, both as regards construction and the accommodation to be provided.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 3rd Division.
To all other Superintending Engineers.
To the Judicial Department.

From, The Superintendent Engrs
3rd Division

To, The Secretary to Government
Public Works Department
Fort St George

Sir, I have the honor, with re-
ference to G. O. No 3552 dated
18th ult., to request you will
inform me if I may substitute
a terrace, or Bengal roof in
place of the tile roofing for the
Jalug Cutcheries, or if I am to
adhere strictly to the standard
designs for these buildings.
I ask the question as from
the very porous description of
tiles

25
tiles manufactured in parts of
this Division, it does not seem to
me that they are suited for
such large, and extensive
pucca buildings as those
proposed.

3. The cost of terrace in Bengal
roofing would certainly be greater
but it will be found more econo-
mical, and less troublesome in the
end.

4. I would also submit the
orders of Government as to whe-
ther I may not increase the
accommodation proposed for
the Lock-ups, according to cir-
cumstances in each case.

I have the honor to be
Sir,
Your most obedient servant

A. W. H. J. Haynes
