*Proceedings of the Madras Government, Revenue Department,
24th March 1868.*

No. 403. Read the following Proceedings of the Board of Revenue, dated 3rd March 1868, No. 1,50^a

Read the following letter from the Collector of Cuddapah to the Board of Revenue, dated 8th November 1866.

In submitting, for the favorable consideration of the Board of Revenue, the enclosed Official Memorandum, (with translation,) from P. R. Pantulu, First Class Deputy Collector, requesting me to obtain sanction for the disbursement to him of a permanent travelling allowance of Rupees 3 per diem, during such period as may be required for the settlement of lands on account of the Irrigation and Canal Company in this district, I have the honor to state that I consider that that Officer is entitled to such allowance, and beg, therefore, that the Board of Revenue will be pleased to obtain the sanction of Government for the same, as similar indulgence which appears to have been granted to a Deputy Collector of the Bellary District, under Orders of Government, dated 16th November 1866. 3,117.

Translation of an Yadast from the 1st Class Deputy Collector of Cuddapah to the Collector of Cuddapah.

1. I beg to inform you that the duty of arranging the transfer of, and settling compensation for, lands required by the Railway and Irrigation and Canal Companies, devolved upon me from July 1859 and January 1865, respectively.

2. I would not be a great loser, were I to travel over my own lands, and other duties connected with my office, as I draw the prescribed rate of batta for the period I am absent from my head-quarter station.

3. On the contrary, it frequently happens that I should, unmindfully of the labor and expense I will be subjected to, travel long periods for making over and settling the compensation for lands urgently required by the Railway and Irrigation and Canal Companies, with which onerous duty I am at present intrusted.

4. The operations of these Companies (Railway and Irrigation and Canal) extend over nearly the whole district, the former extending from the frontier of North Arcot District, to that of Bellary, and the latter from the boundary of Kurnool District, to that of Nellore; and I shall, therefore, frequently have to travel a distance of about 90 or 100 miles without limit.

5. Although I continue to draw the regular batta also for the days I will be out on business connected with those Companies, yet this will not suffice to requite the labor and expense undergone by frequent travels.

6. The Railway operations in the district have almost been completed, and the little trouble that will, in future, be necessary to be taken on that account is of no importance. But now the Irrigation and Canal Company have, however, commenced their work, and there will indeed be necessity for my going out often, for the purpose of transferring lands to them.

7. I learn that the Government have been so bountiful as to sanction* the allowance of a higher rate of permanent batta (3 Rupees per diem) than his post would entitle him to, as a special case, to Iyal Nayadu, Deputy Collector, Bellary, and the officer intrusted with the charge of making over lands to the Railway Company in that district in consideration of the great labor and expense to which the performance of such a task will subject him.

8. Another precedent seems to be that of the Deputy Collector of Kurnool District, named R. Raghunatha Row, who was appointed to arrange the transfer of the required lands to the Irrigation and Canal Company, and to whom permanent batta was consequently sanctioned.

*Proceedings of the Madras Government, Revenue Department,
24th March 1868.*

9. The preponderance of claims for this allowance over those of the two said officers is evident from the above circumstances.

10. I therefore request that you will be pleased to bring to the notice of His Excellency the Governor in Council, my claims for the extension of the same indulgence, and obtain sanction for the concession of permanent batta to me at the usual rate as long as the operations of the Irrigation and Canal Company in this district necessitate it.

Recommending that sanction be granted for the disbursement to Rayappan Puntia, Deputy Collector of Cuddapah, of a permanent travelling allowance of Rupees 2 per day, during such periods as may be required for the settlement of lands on account of Irrigation and Canal Company.

No. 1,506.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 3rd March 1868.

Read the following letter from H. G. SMITH, Esq., Collector of Cuddapah, to the Secretary to the Board of Revenue, dated 8th November 1867, No. 150:—

2. I would not be a great loser, were I to travel over my talooks on only Jummahtundy and other duties connected with my office, as I draw the prescribed rate of batta for the period I am absent from my head-quarter station.

3. On the contrary, it frequently happens that I should, unmindfully of the labour and expense I will be subjected to, travel long periods for making over and settling the compensation for lands granted by the Railway and Irrigation and Canal Companies, with which onerous duty I am at present intrusted.

8. Another precedent seems to be that of the Deputy Collector of Kurnool district, named K. R. Venkata Rao, who was appointed to arrange the transfer of the required lands to the Irrigation and Canal Company, and to whom permanent batta was consequently sanctioned.

9. The preponderance of claims for this allowance over those of the two said officers is evident from the above circumstances.
