*Proceedings of the Madras Government, Public Works Department,
10th January 1868.*

N. 160. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 24th December 1867, No. 2,617:—

"In the Supplemental Local Fund Budget of the districts comprising this division, several new works, such as construction of roads, &c., have been sanctioned for execution during the current year. I have the honor to request you will inform me whether I am to charge the cost of Petty Establishment, required to superintend these works, to their respective estimates, so as to be met from the item provided for "Superintendence," or whether I should leave the charge to be adjusted in the manner as works carried on from Imperial Funds.

No. 161. ORDER THEREON, 10th January 1868, No. 83.

LOCAL FUNDS, No. 14.

Establishment.

The ten per cent. on outlay by Public Works Officers which is at present charged to Local Funds is the proportion debitable to that source on account of the *permanent* Public Works

Establishment, but no provision is made in the Imperial Public Works Budget Estimates on account of "*Petty Establishments*" required for Local Fund works. Orders will accordingly be issued in the Revenue Department for such an assignment being made from Local Funds as, in the opinion of the Superintending Engineers and the Board of Revenue, will be sufficient to cover the cost of Petty Establishments which are likely to be employed on Local Fund works during the current and ensuing official years.
