*Proceedings of the Madras Government, Public Works Department,
10th January 1868.*

No. 168. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 6th January 1868, No 201:—

1. I regret to have to report, for the information of Government, that, after the receipt of G. O. No. 3,855, of the 11th December, I saw in the newspaper a notice of the death of Serjeant Ellison on the 26th of November, at the Civil Dispensary, Salem. I have also received private information to the same effect.

2. I wrote at once to the Zillah Surgeon, Salem, for a certificate of his death, and other information, but I have received no reply to my letter, nor have I received any official report on the subject from any one.

3. Serjeant Ellison was relieved of the charge of the Tripatore talook on the 13th of November, but I did not receive the Range Officer's letter till the 25th, and at the same time I received Serjeant Ellison's request to be allowed to resign on account of continued ill-health. I accepted his resignation in consideration of his previous good conduct, when in the Trinomalay talook; but since his transfer to Tripatore he had contracted a habit of drinking, which no doubt brought on the disease of which he died.

4. As the letters only reached me one day before his death, whatever measures I might have adopted, the result must have been the same.
