*Proceedings of the Madras Government, Revenue Department,
2nd April 1868.*

No. 66. Read the following Proceedings of the Board of Revenue, dated 19th February 1868.

Read the following letters :—

From the Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 18th November 1867, No. 261.

1. With reference to paragraph 2 of the Board's Proceedings, dated 22nd October last, No. 6,871, I have the honor

	Amount of Estimate.
Teriot	Rupees 1,630
Kalpetta... ..	„ 1,607
Sultan's Battery	„ 1,554

to submit three estimates for the construction of the halting-sheds at the places noted, and request formal sanction thereto.

2. Captain Kennedy reports that the amounts of these estimates are necessarily in excess of the sums allotted in the Supplemental Budget for 1867-68, and of the estimates for the other three halting-sheds, sanctioned in the Board's Proceedings, dated 21st August 1867, No. 5,393, owing to the greater distance to which materials have to be carried, and, in the case of Teriot, the higher rates of labor make work at that place still more expensive.

From the Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 21st December 1867, No. 289.

Paragraph 2 of the Board's Proceedings, dated 22nd October 1867, No. 6,871.
Collector to Board, dated 18th November 1867, No. 261.

1. With reference to the correspondence noted, I have the honor to submit a detailed estimate for the halting-sheds at Manjeri and Nelambur, and

to request the Board's formal sanction thereto.

2. I take this opportunity of stating, with reference to the Board's question as to whether funds for the halting-sheds could not be locally raised in Wynaad, that subscriptions have been and are being raised to some extent for the Civil Hospitals and Dispensaries at Manantoddy, Gudalur, and Vytry, but that I do not think there is any probability of raising funds for halting-sheds at present, and, indeed, until the Civil Hospitals are fairly started, would deprecate applying for private subscriptions for other purposes.

1. Under the circumstances stated in the foregoing letters, the Board sanction

	rs.
At Teriot	1,630
Kalpetta	1,607
Sultan's Battery	1,554
Manjeri	1,400
Nelambur	1,400
	<hr/> 7,591

tion the estimates, amounting in the aggregate to Rupees 7,591, for the five halting-sheds at the places noted in the margin, as the Government have, in their Order dated 13th November 1867, No. 2,677, approved of a total expenditure of Rupees 7,500 on this account.

2. The Board request that these halting-sheds or chuttrums may be endowed with Government waste land, (if available,) to the value in assessment of Rupees 60 per annum, or if no waste be available, with an equivalent assignment of revenue on assessed private lands.

Proceedings of the Madras Government, Revenue Department,

No. 67.

ORDER THEREON, 2nd April 1868, No. 877.

Miscellaneous.

The Government do not consider that the rules for the endowment of Choultries erected by private beneficence are applicable to the case of Choultries built from Local Funds, nor does it appear that any such endowments can be needed for the maintenance of the halting-sheds in question.
