*Proceedings of the Madras Government, Public Works Department,
10th January 1868.*

No. 170 Read the following letter from the President of the Municipal Commission, Cocanada, to the Chief Secretary to Government, Fort St. George, dated Camp at Jaggampettah, 18th December 1867, No. 286 —

1. In forwarding copy of a letter from the Superintending Engineer, 1st Division, I hope that, as Government have sanctioned the giving the Cocanada Municipality a second class levelling instrument, instead of a Dumpy Level, the transfer proposed by Captain Ryves will be sanctioned.

2. If authorized thus, I will then hand over the Dumpy Level to Captain Ryves.

From the Superintending Engineer, 1st Division, to the President of the Municipal Commission, Cocanada, dated Camp at Dowlaishwaram, 6th December 1867, No. 242.

1 In reply to your No. 62,* I have the honor to state that I shall be glad to meet your wishes, by taking the Dumpy Level for the Public Works Department and exchanging for it a

second class levelling instrument. But the adjustment of the difference of value of the two instruments must, I think, be effected in the following manner. —

The Public Works Store keeper should, in his books, transfer your Dumpy Level to the Godavery District, strike out the second class instrument from his list of instruments in the Godavery District, and enter his transaction with you as sale of a second class instrument instead of a Dumpy, and pay you back the difference of the stock value of the two instruments.

2. The number and stock designation of the second class instrument, which will be exchanged for your Dumpy, is as under —

Second Class Levelling Instrument, No 2,707.

3. We do not purchase our instruments from the General Store, but receive them on indent without payment; they are still kept on the Store-keeper's books, and we have to account to him periodically for them.

Transferred to the Public Works Department.

(Signed) R. S. ELLIS,
Chief Secretary.
