*Proceedings of the Madras Government, Marine Department,
12th December 1868.*

No 11. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, Fort Saint George, dated Dowlaishwaram, 30th November 1868, No 174

In case of accident, it appears highly desirable that we should have ready a spare chain for the clock-work of the revolving light on the Hope Island. I have, therefore, had an estimate* framed of the cost of preparing one with a suitable drum, &c., in the Dowlaishwaram Workshop, which I now submit for sanction.
