Proceedings of the Madras Government, Public Department,

11th December 1868.

Read again letter from the President of the Municipal Commission, Trichinopoly, recorded in Proceedings of Government, dated 12th November 1868, No. 1408.

No. 80. Read also the following letter from the President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort Saint George, dated Trichinopoly, 24th November 1868, No. 33

In reply to the Government requisition, dated 12th November 1868, No. 1408, I have the honor to state that the tax levied upon the lines and huts of the 9th Regiment, amounts to Rupees 639 per annum, but that a sum of Rupees 1893-14-0 has been already spent by the Municipality in carrying out sanitary improvements for the benefit of that Corps, as requested by the Commanding and Medical Officers.

No. 81 ORDER TIERLON, 11th December 1868, No. 1526

The President of the Municipal Commission, Trichinopoly, brings to notice in his letters of the 2nd and 24th ultimo, Nos. 29 and 33, that a sum of Rupees 3000 is required to provide for an efficient system of drainage of the Lines of the 9th Regiment N. I., stationed at Trichinopoly, and that the work is considered by the Municipal Commissioners, and the District Engineer, as essential, not only in respect of the safety of the huts, but also in regard to the health of the Corps

2 The President states that a sum of Rupees 1893-14-0 has been already spent by the Municipality in carrying out sanitary improvements for the benefit of the Regimental Lines in question, and that the Municipal Commissioners are unable, from the crippled state of their funds, to meet the numerous emergent requirements of the town.

3. Under these circumstances, His Excellency the Governor in Council sanctions the payment, to the Municipal Commissioners, of the sum of Rupees 2500 towards

the outlay* stated to be necessary for the efficient drainage of the Lines of the 9th Regiment, and directs that the

remainder (Rupees 500) be met from Municipal Funds.
