No. 29. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 15th December 1868, No 4,523 —

As the full allotment of the current year for repairs to the Military buildings in the Presidency District has been now appropriated, I have the honor to request the sanction of Government to a transfer of a sum of Rupees 1,568 from the current year's allotment for Civil Repairs to that for Military Repairs in the Presidency District, to enable me to provide funds for certain works of Repairs to Military buildings sanctioned by the local authorities during November 1868.

No 30 ORDER THEREON, 5th January 1869, No. 15

MILITARY WORKS, No. 2.

As there seems every probability of funds becoming available later in the year under "Military," the Government are unwilling to supplement the repair allotment for the Presidency under that head by a transfer from any other head of service. The Superintending Engineer is accordingly authorized to carry out the works referred to in the concluding portion of this letter pending future adjustment.
