Proceedings of the Madras Government, Public Works Department,
7th December 1868.

No. 157. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 23rd October 1868, No. 758 —

nOe Estimate

No. 1,315 of 29th April
No 1,393 of 5th May

1. With reference to the G O noted in the margin, I have the honor to submit an estimate for the maintenance of the northern twenty miles of the road to Salem, via Terriore, for which provision has not hitherto been made, but as the last five miles of the road are still under progress, it will be sufficient if Rupees 3,700, instead of Rupees 4,200, are provided for the road this year. If the roads proposed by the Board as lines to be regarded as Imperial are so regarded, the sum of Rupees 3,700 for this year may be provided from the Rupees 4,200 allotted in G. O, No. 1,315, and the balance of Rupees 500, supplemented by Rupees 3,100 from the special grant for Imperial roads in Tanjore, may be provided for the current year for the maintenance of Road No. 6, for which an estimate was forwarded* on the 21st instant.

Rupees 5,000

G. O No 1,051 of 2nd April 1868.

* No. 747.

2. I observe from the Board's Proceedings, No 6,795, dated 24th September 1868, that the Board insist that this road shall be regarded as an Imperial line. At present the road terminates in a jungle at the Salem boundary, it is not a road on which the traffic is considerable, and the traffic along a portion of the road is likely to be even less than it is now when the road from Museri to Terriore, via Cannanore, is completed. With another line between Trichinopoly and Salem, via Museri, I would strongly urge that the road, via Terriore, should be regarded as a local line, and the road from Trichinopoly to Caroor as an Imperial line, the latter is a far more important line, and its maintenance is double that of the former.

No. 158. ORDER THEREON, 7th December 1868, No. 3,815.

CIVIL WORKS, No. 19.

* No 2,831, dated 11th November 1868, recorded in G O of the 27th Nov. 1868, No 3,711
No. 2,879, dated 16th November 1868, recorded in G. O. of the 23rd Nov. 1868, No 3,679.

1. The Superintending Engineer of the 6th Division will observe, from the Proceedings* of Government in the Revenue Department noted in the margin, that it has been decided to treat the road from Trichinopoly to Salem, via Terriore as a local line, and that its maintenance allowance has been directed to be provided from the Local Funds of the Trichinopoly District.

2 The question of providing funds for the other lines referred to will be considered in the Revenue Department.
