JANUARY.

Saturday -- Proceedings, Judicial Department
of the Governor of the recommendation of the Judiciary Jail Committee,
that there shall be no more sessions at County Court House District, in
relation to the Saturday Jail Committee.
concluded.

Read the following papers —

No 133. From the Magistrate of the Godavery District, to the Chief Secretary to Government, Fort Saint George, dated Cocanada, 28th November 1868, No. 386.

I beg to inform you that the Superintendent of Police in this district has entered in the list of Police requirements in Cocanada Municipality, a First Class Police Station to include also a lock-up adapted for the confinement of European prisoners for short periods.

2 I obtained from the Superintendent copy of the Standard plan of such a building, which, without the lock-up referred to above, is estimated by the Engineer Department to cost Rupees 3370.

3 I presume Government will contribute a proportion of the cost of this building; for it is not, I suppose, intended that the Subsidiary Jail in Cocanada, and the lock-up thereto attached, should be kept up separate from, and in addition to, this proposed building. The Sub-Magistrate's Cutcherry, with Subsidiary Jail and lock-up attached, is now in the centre of the town on a site that admits neither of proper drainage nor ventilation. It has already been condemned as an unfit building for the uses it is put to, and there is no site available near it, save at a heavy cost. In

No 288, 21st December 1867.

my letter noted marginally to the Subsidiary Jail Committee, I specified the site

on which I proposed a new Sub-Magistrate's Office and Subsidiary Jail, if sanctioned should be built. I would locate the proposed new Station-house here also, and a saving might be made, if the two were built in one block.

4. I may state that the room required for European prisoners is not required for any such arrested within municipal limits. They, if any, are sailors arrested on boardships in the roads for breaches of discipline, punishable under Act I. of 1859. At present prisoners arrested or sentenced within the whole Cocanada Division, are confined in the present Subsidiary Jail.

5. I beg, therefore, on this opportunity, again to bring to the notice of Government the expediency of determining, at once, whether the present Sub-Magistrate's Office, and the Subsidiary Jail thereto attached, are to remain where they now are, or to be re-built on a fresh site.

* Referred to the Subsidiary Jail Committee.

(Signed) R S ELLIS,
Chief Secretary.

FORT SAINT GEORGE,
5th December 1868

No 134. From the Subsidiary Jail Committee, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 7th December 1868, No 232.

We have the honor to report on a letter from the Magistrate of the Godavery District, referred to us on the 5th instant, and herewith returned

2 We have proposed a Subsidiary Jail in the compound of the office of the Collector at Cocanada, in which all persons, Europeans as well as Natives, under trial before, or sentenced to periods of imprisonment of less than 30 days by the whole of the Magistracy are to be confined. Consequently no other Jail is necessary.

*Proceedings of the Madras Government, Judicial Department,
16th December 1863.*

3 At the same time we concur with the Magistrate that, in a place like Cocanada, there should be a good and commodious Station-house, containing one room, or, if necessary, two rooms in which Europeans, arrested during hours when they cannot be admitted into the Subsidiary Jail in the Collector's Cutcherry compound, can be kept until they can be so admitted, and no longer.

4. As regards the Sub Magistrate's Office, no lock-up is necessary but if the site which the Magistrate has selected is far from the Subsidiary Jail, two rooms should be provided in it, in which prisoners can be kept during the day while actually under trial by the Sub Magistrate, they being sent back to the Subsidiary Jail every night. As our duty does not extend to offices in which jails are not required, the Magistrate should apply to Government for a new Sub-Magistrate's Cutcherry.

5. If more wards are required to the Subsidiary Jail than we have provided, they can easily be added on the standard plan, and the Magistrate can easily provide cots for Europeans.

6. We do not consider it desirable that the Police should keep Europeans in their own custody longer than proposed above.

No. 135. ORDER THEREON, 16th December 1863, No 1892

The Magistrate of the Godavery District will be informed that, on the recommendation of the Committee on Subsidiary Jails, sanction was accorded under date the 8th instant, Order No. 1844, for the construction of a Subsidiary Jail in the compound of the Collector's Cutcherry at Cocanada.

2. The Government now approve of the recommendation made by the Committee in their letter above recorded, that there should be a commodious Station house at Cocanada, affording accommodation for the confinement of Europeans arrested during hours when they cannot be admitted into the Subsidiary Jail.

3 The cost of this additional accommodation will be defrayed by Government, while that of erecting the Station-house will be borne by the Municipality of Cocanada.
