Proceedings of the Madras Government, Marine Department,
21st December 1868.

No. 27. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, Fort Saint George; dated Tanjore, 4th December 1868, No. 951.

I have the honor to inform you that the Light Column at Negapatam has been run up to within nine feet of its top, and will probably be completed by the 20th, and I am anxious to know when the lantern may be expected, for until it is received I am unable to determine the exact arrangements for the platform to which it is to be fastened, or to determine whether the crane on the summit may be removed and also the scaffolding; the plastering cannot be carried out till the scaffolding is removed.

Transferred to the Marine Department.
