*Proceedings of the Madras Government, Public Works Department,
30th April 1869.*

No. 749. Read the following letter from the Principal of the Civil Engineering College, to the Secretary to Government, Public Works Department, dated Chepauk, 22nd April 1869, No. 37 C:—

1. With reference to Government Order in Public Works Department, No. 3,135, dated 6th October 1868, I have the honour to report that, on 1st proximo, Mr. Montserratt will have completed the six months' course of study prescribed or him.

2. During his stay in the College Mr. Montserratt has worked with the utmost diligence and zeal, but although pretty well up in Surveying with Prismatic compass and chain, and in Drawing and Estimating, and with a fair knowledge of Engineering subjects, he is very deficient in Mathematics, and quite incompetent to pass the rather severe examination laid down for Assistant Engineer in the Public Works Code.

3. Under these circumstances, I desire to be informed if his name should be struck off the rolls of the College from 1st proximo, or if he will be allowed a further period of study, in order to prepare for the examination of Assistant Engineer that will be held in the first Department of the College in December next.

No. 750. ORDER THEREON, 30th April 1869, No. 1,420.

ESTABLISHMENT, No. 84.

Under the circumstances detailed in this letter, His Excellency the Governor in Council is pleased to permit Mr. Montserratt to continue his studies at the Civil Engineering College for a further period of six months, at the termination of which he will be required to pass such an examination as may, in the opinion of the Principal, be sufficient to evince his qualification for employment on the permanent Establishment as an Assistant Engineer.
