*Proceedings of the Madras Government, Public Works Department,
3rd May 1869.*

No. 43. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 21st April 1869, No. 252:—

1. I have the honour to point out that no orders have been passed by Government in continuation of G. O., No. 3,004, of 23rd September 1868.

2. I regret to be obliged to trouble Government in this matter, but the Collector of Bellary considers that Tahsildars have the right to make requisitions on Range Officers. The Tahsildar of the Hospett Talook called on the Supervisor in charge of the Hospett Range for a plan and estimate for a Civil Dispensary.

3. On my learning of this I addressed the Collector, and informed that an application of this kind should have been made through me, and begged to be informed of the number of persons for whom accommodation would be required.

No. 510, dated 17th April 1869.

4. In reply, Mr. Sullivan has sent a docket,* copy of which is herewith sent.

It appears to me that the proper course for him to adopt is clearly laid down in paragraphs 84—86, Chapter V. of the Public Works Code, to which I have drawn his attention.

Copy of an Official Memorandum No. 510, dated Bellahoonsy, 17th April 1869, from the Collector of Bellary, to the Superintending Engineer, 3rd Division, Bellary.

Your docket No. 130, dated 12th instant. Returns the enclosure to the above, and requests he will be good enough to refer him to the Rule or Order of Government prohibiting Tahsildars applying to Range Officers for estimates for projects likely to promote the interests of their respective Talooks. Rule 20, Chapter XI. of the Public Works Code, prescribes "the fullest and most cordial intercourse" between the members of the two departments, but possibly this rule may have been cancelled.

No. 44. ORDER THEREON, 3rd May 1869, No. 1,447.

ESTABLISHMENT, No. 10.

Ordered to be recorded with reference to G. O., No. 1,423, dated 30th April 1869.
