*Proceedings of the Madras Government, Public Works Department,
18th May 1869.*

No. 402. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 8th May 1869, No. 35.—

I HAVE the honour to forward, for the sanction of Government, a revised estimate of Rupees 1,600 for supplying apparatus for two temporary Gymnasias for the Cavalry, Artillery, and Infantry at Bangalore.

2. An estimate of Rupees 600 was sanctioned in G. O., No. 3,493, dated 10th November 1868

3. The revised estimate exceeds that sanctioned by the Government by Rupees 1,000. This is owing to the accidental omission of the principal article required for the apparatus, viz, the timber gallows to which the vertical bars, the single vertical bars, the trapeze, and the pair of swinging rings are suspended. The price of gallows for one set amounts to Rupees 514, so that Rupees 1,028 is the cost of the two articles omitted.

4. The mistake was only detected on the bill being presented for payment by the carpenters of Her Majesty's 2/19th Regiment, to whom the work was entrusted for execution, and by whom it has been well carried out. A few minor errors have been corrected in the revised estimate.

5. The excess of Rupees 1,000 was disbursed by the Executive Engineer in March last, from funds at his disposal, in anticipation of sanction to the present estimate, and this was reported to me at the end of March.

No. 403. ORDER THEREON, 18th May 1869, No. 1,628.

MILITARY WORKS, No. 17.

THE work referred to in this letter having been completed, the Controller of Public Works Accounts is authorized to

pass the excess expenditure of Rupees 1,000.
