Dated 19 1 1869.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
19th January 1869.

No. 326. Read the following letter from the Officer in charge of the Superintending Engineer's Office, 8th Division, to the Secretary to Government, Public Works Department, dated Palamcottah, 14th December 1868, No. 2,093 :—

1. I have the honor to submit for sanction a plan and estimate of Rupees 132, for constructing a Police Station-house at Tripatore in the Madura District. The estimate has been approved by the Inspector General of Police; and the District Superintendent asks that the works may be sanctioned from the Budget allotment in this department, Rupees 3,000 (from which funds are available), but that the execution of the work may rest with his own department. A simple shed of this nature should, by the orders of Government, be built by the department concerned; but the question is suggested, whether expenditure should be incurred in one department from funds allotted to another department, or whether there should not be a transfer of funds to the Police Department, to admit of the outlay by that department.

1 Plan.
1 Estimate.
1 Specification.

2. Another instance has occurred in which I have been asked to simply hand over to the Police Department a sum entered in the Public Works Department Budget, to pay for work executed by Police Officers; and I have given my opinion that the sanction of Government should be obtained for a transfer of funds where neither the execution of the work, nor the rendering of accounts belongs to the Public Works Department. If this view is correct, I would recommend that the sum of Rupees 132, required for the Station-house at Tripatore, should be transferred and placed at the disposal of the Police Department.

No. 327. ORDER THEREON, 19th January 1869, No. 162.

CIVIL WORKS, No. 41.

As the proposed Police Station at Tripatore is a simple work not requiring any professional skill, its construction should be undertaken by the Police Department from the funds of that department, the provision made in the Public Works Budget for Police buildings being intended to meet the outlay on such works only as are carried out by the Officers of the Public Works Department.

1 Specification

I have the honor to submit for sanction a plan and estimate of Rs 132 for Constructing a Police station house at Tiruppatore in the Madura District. The estimate has been approved by the Inspector General of Police, and the District Superintendent asks that the work may be sanctioned from the Budget allotment in this Department Rupees 3000: from which funds are available but that the execution of the work may rest with his own Department. A simple shed of this nature should by the Orders of Government

Government be built by the Department
Concerned; but the question is suggested whether
expenditure should be incurred in one Depart=
=ment from funds allotted to another Depart=
=ment; or whether there should not be a transfer
of funds to the Police Department, to ad=
=mit of the outlay by that Department.

2 Another instance has occurred in which
I have been asked to simply hand over
to the Police Department, a sum entered
in the P.W. Department Budget, to pay
for work executed by Police Officers; and
I have given my opinion that the sanction
of Government should be obtained for a transfer
of funds; where neither the execution of the
work, nor the rendering of accounts belongs
to the Public Works Department.
If this view is correct, I would re=
=commend that the sum of Rs 132, required
for the Station house at Trichore should
be transferred and placed at the
disposal

disposal of the Police Department.
