*Proceedings of the Madras Government, Public Works Department,
20th January 1869.*

No. 358. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Coonoor, 18th December 1868, No. 166 —

1 Having had occasion to visit Ootacamund to consult with the Executive Engineer on the subject of the reservoir for supply of water to that place, I availed myself of the opportunity to inspect the Lawrence Asylum Works, and I there found that the whole of the Female Asylum building had been marked out on the original site, from ground plans supplied to Major Farewell by Mr. Chisholm.

2. Not having received any Order of Government on the subject, either of the Female Asylum plan or site, with reference to my Memorandum of 9th October to the address of the Honorable Mr. A. Arbuthnot, I was constrained to request Major Farewell not to proceed with the execution of the foundations until receipt of such orders, which I have now the honor respectfully to solicit

3. In a report on the subject, which Major Farewell has drawn up at my request, he states that "it is very desirable that something should be decided in the matter at an early date to admit of our commencing the foundations, so as to have them opened and ready for the bricklayers, when, at a certain state of the progress of the building they are now employed on, it will be necessary to find other work for them till the carpentry then required shall be sufficiently advanced to allow of their returning to complete their work. I would also note that the working on the two buildings together will, in the end, cause a considerable saving in time, cost of supervision, &c."

No. 359. ORDER THEREON, 20th January 1869, No. 179.

MILITARY WORKS, No. 25.

Ordered to be recorded, with reference to G. O., No. 3,953, dated 18th December 1868.
