JANUARY.

1869

These are the lines of the Secretary to Government, Madras, dated 21st January 1869, No 159, in relation to the sale of the Native Infantry lines at Samulcottah, by public auction, as recommended by the Collector, Mr. Fraser, whose letter is herewith forwarded for reference.

Proceedings of the Madras Government, Military Department,
13th January 1869.

Read the following papers:—

No 240 From the Quarter Master General, to the Secretary to Government, Military Department; dated Fort Saint George, 9th December 1868, No 8439.

I have the honor, by desire of His Excellency the Commander-in-Chief, to request the sanction of Government for the disposal of the Native Infantry lines at Samulcottah, by public auction, as recommended by the Collector, Mr. Fraser, whose letter is herewith forwarded for reference.

2. Before putting the public buildings up to auction, it may be advisable to ascertain whether they can be utilized by any Public Department for Government purposes, and if not required, it is recommended that they may also be sold by auction before they become deteriorated.

From I FRASER, Esq, Collector, to the Officiating Commandant 19th Regiment Native Infantry, dated Godavery District, Cocanada, 10th November 1868, No 296

With reference to your letter of the 7th instant, No. 130, I have the honor to inform you, that in my opinion the lines had best be sold by public auction after a month's notice, the same being published in the District Gazette. As the ground on which the Sepoys' huts stand belongs to the Cantonment, a condition must be specified in the notice that the sale is confined to the building materials only.

If it is intended to sell the barracks also, the same should be stated in the notice,—I think it is also necessary to name in the notice the Officer by whom and where the sale will be conducted

No 241 ORDER THEREON, 13th January 1869, No. 142.

The Government sanction the sale at public auction of the Regimental huts at Samulcottah

2. The foregoing papers will be communicated to the Civil Departments of the Secretariat, in view to its being ascertained whether any of the public buildings at that station can be utilized.
