*Proceedings of the Madras Government, Ecclesiastical Department,
10th June 1869.*

No. 21. Read the following letter from the Collector of Bellary, to the Secretary to Government, Public Works Department, Fort Saint George; dated Hospett, 20th May 1869, No. 29.

In continuation of my letter dated 17th instant, No. 28, I have the honour to enclose copy of a report* received from the Sub-Collector with reference to the condition of the cemetery at Anantapoor.

* No. 254, dated 13th instant.

From the Acting Sub-Collector of Bellary, to the Collector of Bellary; dated Penkondah, 13th May 1869, No. 254.

I have the honour, adverting to Board of Revenue's Standing Order, No. 20, to report upon the Christian burial ground at Anantapoor.

2. One wing of the gate has been recently broken down. I have addressed the Public Works Department on this subject. The ground requires a little levelling, which could be done by the Tahsildar at a cost of perhaps 2 Rupees. The three tombs are in fair order. Round the largest monument is a low parapet wall. This was evidently erected round the tomb long before the present cemetery was enclosed, and in choosing the site of the cemetery this tomb was very properly included. But I see no objection to the removal of this inner parapet wall, as the purpose for which it was erected is served by the general cemetery wall. The removal of this inner wall would not only improve the appearance of the cemetery but would also give greater space within the enclosure, which, I think, was made unduly small without cause, as there is waste ground on all sides.

3. There are no other Christian burial grounds in the sub-division.

Transferred to the Ecclesiastical Department.

FORT SAINT GEORGE,
26th May 1869.
