No. 357.

MEMORANDUM.

Much difficulty being at present experienced by the Officers of the Public Works Department at the Presidency in procuring a sufficient number of stone cutters for the extensive buildings now in progress, and, consequently, in getting the work done at reasonable rates, it has been suggested by Major Darrah, the Executive Engineer of the Southern Range, that it would be very advantageous to the public interests, and probably very agreeable to the Soldiers themselves, if a few men of the 45th Sherwood Foresters, who may have been brought up to the trade of stone masons, could be placed at his disposal, for employment in dressing stone for the work now under execution on the enlargement of the building occupied by the Board of Revenue at Chepauk.

Major Darrah states that the men will be thoroughly sheltered while at work, under excellent cover in a large airy room. He proposes to pay them at specified rates per superficial foot of stone dressed; but the undersigned is of opinion that if any men can be allowed to take the work now offered them, they should have the option, for some time at least, of being remunerated in that manner or by daily working pay.

FORT SAINT GEORGE,  
27th May 1869.

(Signed) CHARLES A. ORR, Colonel, R. E.  
Secy. to Govt., P. W. D.

Referred to the Commander-in-Chief (Adjutant General's Department,) with a request that in the event of there being any men in Her Majesty's 45th Regiment willing and able to do the work alluded to in the foregoing memorandum, and of His Excellency having no objection to allow them to take such employment, their services may be placed at the disposal of Government.
