Dated 22.1.18	7.

No. 486. Read the following letter from the Assistant-Secretary to the Government of India, Public Works Department, (Establishment,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 2nd June 1869, No. 858-E. :—

THE Accountant-General has brought to the notice of the Government of India that the Controller of Public Works Accounts at Madras is doubtful as to the interpretation of the Travelling Allowance Rules of Upper Subordinates with reference to paragraph 2 of this office letter No. 1,509-E., dated 1st November 1867, in which it was said that an interpretation should be given to them analogous to that given to the clause* restricting the grant of halting allowance to Engineers to three days when within ten miles of

their head-quarters, whether temporary or permanent.

2. I am directed to state, for the information of the Government of Madras, that it was not the intention of the Government of India to modify the Code rule† with reference to Upper Subordinates. The daily allowance is not affected by halts of more than three

days, and all that is necessary for the purpose of auditing such claims is a certificate from the proper superior authority that the subordinates have actually and necessarily kept up carriage during the period for which the allowance is claimed. But this is not intended to give rise to claims for halting allowance as a fixed monthly allowance.

No. 487. ORDER THEREON, 22nd June 1869, No. 2,028.

ESTABLISHMENT, No. 60.

COMMUNICATED to the Superintending Engineers and to the Controller of Public Works Accounts for information and guidance.
