2. With regard to an assistant for Lieutenant Fraser at the Kaiga Ghât, I would recommend that Captain A. 3. To supply Captain Searle's place in the Godavery District, I would recommend that Mr. Supernumerary Assistant Engineer Sage be transferred from the Nellore District, where he has done excellent service in superintending the construction of the Pennâr Anicut, now nearly completed, and that in consideration of such service, as well as of his general merits as an Executive Officer, which are testified to by all those under whom he has served, he be promoted to the grade of 1st Assistant District Engineer Godavery, *vice* Mr. Tuke deceased.

4. As respects paragraph 1 of the Proceedings of Government under reply, I avail myself of this opportunity to point out with reference thereto and to the Proceedings of Government dated 19th October 1861, No. 1,927, that the existing vacancy in the grade of Sub-Engineer is in the 2nd and not in the 1st Class, and therefore that, if Mr. Boesinger be promoted to the 1st Class, he will be in excess of the authorized establishment and the Civil Paymaster will not pass his salary bill without special orders to that effect.
