Dated 5 — 11 — 18 61.

Not to be folded or roughly handled

No. 29. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 26th October 1861, No. 6,467 :—

1 Letter from District Engineer Kistna, No. 77, dated 7th August 1861.
1 Do. from Supervisor Bance, No. 21, dated 20th June 1861.
1 Do. from District Engineer, No. 111, dated 20th September 1861.
1 Do. from Collector, No. 89, dated 3rd April 1861.
1 Estimate.
1 Plan.
1 Statement.

SIR,

1. With the accompanying letter the District Engineer Kistna, submits plan and estimate amounting to Rupees 870 for constructing a Calingulah to the Coornoothalah Tank in the Guntoor Táluq.

2. The Ayacut of the tank being only acres 76, inclusive of 20 acres of Inám lands, assessed at Rupees 581. I referred the subject for an expression of the Collector's opinion. The District Engineer replies by forwarding a letter from the Collector himself, requesting him to estimate for the work, as the Tahsíldár considered it necessary and as for want of it the water in the tank had been running to waste. The revenue appears to have suffered in two years out of five, and in July 1858 to have nearly failed altogether. Under these circumstances, I now forward the estimate which has been duly examined in this Office and amounts to Rupees 870, and recommend its immediate execution from the general funds at the District Engineer's disposal.

No. 30. ORDER THEREON, 5th November 1861, No. 2,034.

Sanctioned as proposed.

(Signed) J. D. SIM,
Secretary to Government.

To
I. D. Sim Esquire
Secretary to Government
P.W.D.

Sir,

With the accompanying letter the District Engineer Kistna submits Plan and Estimate amounting to Rupees 870 for constructing a Calingula to the Cornoothalah Tank in the Guntoor Talook.

2. The Ayacut of the Tank being only acres 76, inclusive of 20 acres of Enam lands, assessed at Rupees 581, I referred the subject for an

an expression of the Collector's opinion.
The District Engineer replies by
forwarding a letter from the Collector
himself, requesting him to estimate
for the work, as the Tahsildar consi-
-dered it necessary & as for want of it
the water in the Tank had been
running to waste. The Revenue
appears to have suffered in two
years out of five, and in July 1858
to have nearly failed altogether.
Under these circumstances, I now
forward the estimate which has been
duly examined in this Office and
amounts to Rupees 870 and recom-
-mends its immediate execution from
the general funds at the District
Engineer's disposal.

I have the honor to be
Sir,
Your Most Obedient Servant
