Dated 23	18

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
25th June 1869.*

No. 572. Read the following letter from the President of the Municipal Commission, Madras, to the Secretary to Government, Public Works Department, dated Madras, 21st June 1869, No. 831 :—

As I understand that Government have approved of the Relta Calingium and Letchmuna Calingium, in the Fort of Trichinopoly, being pulled down with a view to the stone being used for the Jetty at Negapatam and for the Cauvery regulating works, and as it is probable there is a good deal of ornamental carving on some of the stone, I am induced to request Government may be pleased to let the Madras Municipality have a portion of the stone work, in order to use it for the fountains to be erected in various parts of Madras for the Water Supply project. There are also, I understand, several stones lying about Poonamallee, remains of the old Fort. I should be glad if we were permitted to make use of these for a similar purpose.

No. 573. ORDER THEREON, 25th June 1869, No. 2,073.

CIVIL WORKS, No. 84.

THE Government see no objection to the Municipal Commissioners of Madras being allowed to take such of

the ornamentally carved stones of the Relta Calingium and Lutchmuna Calingium in the Fort at Trichinopoly as can be advantageously used on the construction of the fountains to be erected for the distribution of water in Madras.

2. His Excellency the Governor in Council accordingly directs that such stones of the old buildings in question, as may be selected on behalf of the Commissioners, be delivered to them on application to the Superintending Engineer.

3. As it is likely that some of the stones of the old Fort at Poonamallee may be needed for the work now in progress in connection with the enlargement of the Chembrambakum tank, the Government are unwilling to allow any of those stones to be taken for other purposes till the requirements of the Public Works Department are satisfied.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the President of the Municipal Commission, Madras.
„ Superintending Engineers, 4th and 6th Divisions.

Col: G. S. Denison
President Mumf^{ts} Comm^{rs}
Madras

To

Col: G. A. O'Bye R.E.
Secretary to Gov^t S. M. D.
Fort St George

Sirs

As I understand that
Government have approved of
the Recto Calingium and Jetty.
mina Calingium in the Fort
of Trichinopoly being pulled
down with a view to the stone
being used for the Jetty at Negu-
patam and for the Cauvery
regulating works, and as it is
probable there is a good deal
of ornamental carving on some
of the stone I am induced to
request Government may be
pleased to let the Madras Muni-
cipality have a portion of the
stone work in order to use it
for the Fountains to be erected
in various parts of Madras
For

1643
for the Water Supply Project.
There are also I understand several
stones lying about Poomalallee
remains of the old Fort. I should
be glad if we were permitted
to make use of these for a
similar purpose.

I have the honor to be
Sir,
Your most obed^t - Servant

Charles de la Roche

C. 23rd June 1869. A. 24th

W.A.

The Government see
 no objection to the Municipal
 Commissioners of Madras
 being allowed to take such
 of the ornamentally carved
 stones of the Rilla Calin,
 Agium and Litchimuna
 Calingum in the Fort at
 Trichinopoly, as can be
 advantageously used in
 the construction of the
 Fountains to be erected
 for the distribution of
 water in Madras
 The

London 18th Dec 1869

His Excellency the Governor in Council
Accordingly direct that
such stones of the old
building as may be
selected on behalf of
the Commission,
be delivered to the
Commissioner of the
Public Works.

As it is likely
that some of the stones
of the old Fort at Poona
may be needed
for the work now in
progress in connection
with the enlargement
of the Chembur tank the Government

are unwilling to allow
any of them to be
taken for other purposes
till the requirements of
the Public Works Department
are satisfied.
