No. 595. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Kurnool, 5th June 1869, No. 739:—

I HAVE the honour to submit, for the sanction of Government, a comparative Statement in connection with the estimate (Rupees 1,160) sanctioned in G. O., No. 954, dated 22nd March last, for stone facing, &c., a portion of the channel from Fischer's tank passing through the Cantonment to the fort ditch at Bellary.

2. The accompanying statement shows an excess of Rupees 905 over the sum previously sanctioned, and it is explained to be owing to a clerical error in the original estimate, in entering and calculating the item "stone facing" at per "square" instead of "cubic" yard; under these circumstances, therefore, I request Government will be pleased to sanction the estimate, Rupees 2,065 in the aggregate, as the work is being carried out.

No. 596. ORDER THEREON, 28th June 1869, No. 2,085.

MILITARY WORKS, No. 30.

IN G. O., No. 954, of the 22nd March last, sanction was accorded to an estimate of Rupees 1,160 for stone facing, &c., a portion of the channel from Fischer's tank which passes through the Cantonment to the fort ditch at Bellary. The Superintending Engineer now reports that owing to a clerical error in the calculations for the stone work the estimate will be exceeded by Rupees 905, which the Government accordingly sanction. The aggregate of the estimate will thus amount to Rupees 2,065.
