Proceedings of the Madras Government, Public Works Department,
29th June 1869.

Read the following papers :—

No. 631. From the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Kurnool, 5th June 1869, No. 756.

I HAVE the honour to submit, for the information and orders of Government, an extract from the Service Register of the Hospett Range for Overseer's Writer, C. Vencatachellum Pillay.

1 Extract of Service Register.

2. The reason for my submitting the register to Government, is to obtain a ruling regarding the exact position of Writers placed as Vencatachellum is, who have been, owing probably to a misapprehension of the description of their service, taking the form of a permanent character, risking their permanent pension service by continuing on establishments annually sanctioned as "temporary."

3. The Writer in question, as you will observe, has a service of a total period of eleven years and twenty-eight days, of which three years and one day (*i. e.*, up to 31st May 1869) has been under the Overseer employed on the Toongabudra Channels, and as this Overseer's establishment has been sanctioned year after year in a regular manner, (see G. O., No. 1,442, of 3rd May 1869,) I request the orders of Government as to how such cases are to be treated, since the man properly belongs to the permanent establishment, and had been transferred in the course of making transfers, &c., to the post he now holds. This Writer's name has always been shown in the Annual or Form D. Statement sent to the Controller who, I may add, has, I believe, always passed the Writer's pay in the same abstract as that sent for the permanent establishment.

4. I have not been able to trace the G. O. sanctioning the establishment for the Overseer employed on the Toongabudra channels, but believe it was in the latter part of 1863 that sanction was first accorded.

5. In conclusion, I beg to observe that as an establishment for the extra Overseer, who is supposed to be one of the two employed in the Hospett Talook, will always have to be maintained, there seems no reason why his establishment should not be permanent. On other grounds this is also very desirable, as there would be a constant changing of the Writer employed under the Overseer looking after the channels, as no person would continue in a temporary appointment when he can obtain a situation which carries pension with it.

1 Statement.

Writer C. Vencatachellum Pillay has been employed for little more than three years under the extra Overseer appointed to superintend the Toongabudra channels in the Hospett Talook of the Bellary District. The Order of the 1st August 1865, No. 2,195, first sanctioned the Writer's employment, and directed his salary to be debited to the Budget provision for *temporary* Establishments. The charge accordingly appears in the annual Statements of *temporary* Establishments submitted to, and sanctioned by, Government on the dates noted in the margin, and, on the authority of the orders quoted, the pay of Writer Vencatachellum Pillay has been admitted up to the present time. Under the rules the period passed by this Subordinate in his present *temporary* appointment cannot reckon as service for pension.
