JANUARY.

Nos. 433-434

Guindy Jail—Proceedings Judicial
Department approving of certain improve-
ments proposed to be made in the Guindy
Jail, Madras District, communicated to
the Officer concerned with instructions.

Proceedings of the Madras Government, Judicial Department,
9th January 1869.

No. 48. Read the following letter from the Inspector General of Jails, to the Chief Secretary to Government, Fort Saint George, dated Ootacamund, 9th December 1868, No. 153.

In January last, after inspecting the Jail at Guindy, I brought to the notice of the Superintending Engineer that the ventilation of the said Jail was extremely defective, and requested him to furnish me with an estimate of the cost of enlarging the small oval apertures in the upper parts of the walls, of introducing pot ventilators in the roof, and of substituting iron-gratings in lieu of the existing wooden doors.

2 On the 8th May, I received an estimate which provided for raising the walls from 12 feet to 17 feet, and for the entire renewal of the roof at a cost of Rupees 4060, an outlay which I did not consider it expedient to recommend, and, therefore, requested the Superintending Engineer to say whether ventilators could not be introduced into the existing roof, and the other improvements made as before suggested. In reply, I was informed that the improvements would be ordered at once, to which I made no objection as they were urgently necessary, and it was advisable they should not be further delayed.

3 I have now the honor to submit, for sanction, a plan and estimate for the improvements in question, at a cost of Rupees 1000.

From the Acting Superintending Engineer, 4th Division, to the Inspector General of Jails, dated Madras, 23rd November 1868, No 4148

Referring to your letters, as per margin, I have the honor to forward, for your approval, a plan and estimate, amounting to Rupees 1000, for improvements to Guindy Jail at Sydapet

No 513, dated 8th June 1868
,, 1279, dated 25th September 1868

1 Plan
1 Estimate.

2 The estimate provides for renewing the central part of the roof of the first ward, and

for inserting 32 pot ventilators in the roofs of both wards of the hospital and of the corresponding room on the other side, enlarging the bull's eyes, and providing iron-barred ventilators with ventral boards, and also providing non-barred doors in lieu of the present wooden ones

2 On the return of the documents with your countersignature, they will be submitted to Government for sanction, or you may adopt the course of submitting them yourself to Government, as the work has been put in hand, without any specific allotment, at your request

No. 49. ORDER THEREON, 9th January 1869, No. 29.

His Excellency the Governor in Council approves and sanctions the improvements proposed to be made in the ventilation of the Guindy Jail, and the substitution of iron gratings in lieu of the present wooden doors

2 The plan and estimate will be transferred to the Public Works Department, whence instructions will be issued for the provision of funds, and for the execution of the improvements.
