*Proceedings of the Madras Government, Public Works Department,
23rd January 1869.*

No. 452 Read the following Proceedings of the Government of India in the
Public Works Department, (Civil Works—Communications,) dated Cal-
cutta, 30th December 1868, No. 780 C —

Road between Goondulpett and the Wynaad frontier.

Read the following Despatch from the Secretary of State for India, (Public Works,) to His Excellency the Right Honorable the Governor General of India in Council, dated India Office, London, 24th November 1868, No. 104.

1. I have received your despatch, dated September 25th (No. 146), 1868, reporting the sanction by your Government of Rupees 1,12,633 for the portion of the road from Goondulpett to Sultan's Battery in Central Wynaad, which lies with-
in the Mysore territory.

2. This road is of great importance to the Wynaad Coffee Planters, as one of the principal routes by which they will receive grain for their coolies, and it will also be useful to Mysore, in opening a market for its products. I trust, therefore, that the works on the Mysore side will be prosecuted in concert with the Madras Government, in order that one portion of the road may not be completed long before the other, and thus lose much of its usefulness for a considerable time. The cost of the bridge over the Mavinhulla ravine will, I presume, be divided between the Governments of Madras and Mysore by whichever of these authorities it may be constructed

ORDER.—Ordered that a copy of this despatch be forwarded to the Commissioner of Mysore for guidance, with reference to Public Works Department No. 450 C, dated 15th July last.

Also to the Government of Madras for information.
