*Proceedings of the Madras Government, Public Works Department,
30th July 1869.*

No. 730. Read the following letter from the General Superintendent of Public Works Stores and Workshops, in charge of Pier Works, to the Secretary to Government, Public Works Department, dated Chepauk, 20th July 1869, No. 60 :—

In continuation of my letter, No. 2,159, dated 18th March 1869, I have the honour to report, for the information of Government, that the whole of the piles necessary for the completion of the repairs on the south side of the Madras Pier are in place, and a temporary roadway is laid across the gap, but it is not yet open to the public.

2. On the east side of the gap the iron-girders have been fixed for a length of fifty feet, and the timber beams are being laid over them.

3. On the west side the girders have been laid for a distance of about one hundred feet, and the timber beams over them for the same distance; the planking has also been laid, and the roadway finished for some distance.

4. As the work has arrived at this stage I am now in a position to state with certainty that the Pier may be opened to the public by the end of September next.

No. 731. ORDER THEREON, 30th July 1869, No. 2,503.
