G.O. No. 276	Press
553-54	Mis.
Dated 27	1867.

Not to be folded or roughly handled

No. 553 Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Palamcottah, 7th January 1869, No 2,250 —

1 There being no grant in next year's Budget for Subsidiary Jails, I have the honor to request, I may be informed of the approximate amount likely to be made available for this Division, in order that I may be able to regulate the preparation of estimates

2 For the completion of eight out of the nine works enumerated in my list, for the Madura District, *vide* G O, No 3,798 of the 5th December 1868, about Rupees 16,000 will remain to be expended after the 31st March 1869 and the last item, the Cutcherry and Jail at Peracolum will require at least Rupees 25,000 more

To complete the six works entered in the list for Tinnevely, not less than 25,000 Rupees will probably be required after the end of this year.

3 There will thus be a demand of Rupees 41,000 for Madura District, and Rupees 25,000 for Tinnevely. If a larger grant of money is not to be expected, there is no advantage in preparing estimates at present, but if I have an idea, to what extent there is a probability of funds being allotted, I will have estimates furnished so as to allow of the works being carried on early in the coming year.

4 On the supposition, however, that a large grant of money will be made, I shall feel obliged by some instructions as to the Subsidiary Jail works, which are considered of the first importance, after those specified in the list that accompanied your Memorandum No. 66 of the 28th October 1868. There are many more Jail buildings for which the submission of estimates is ordered, and I shall be glad to learn to which works the Jail Committee give precedence, or whether I should consult the Magistrates of the Districts as to those deemed by them most necessarily required.
