*Proceedings of the Madras Government, Public Works Department,
24th September 1869.*

No. 547. Read the following letter from the Officer in charge of Public Works Operations, Cochin, to the Secretary to Government, Public Works Department, dated Cochin, 4th September 1869, No. 61 :—

I HAVE the honour to request authority to pay Messrs. Aspinwall & Co. Rupees 138, the estimated cost of removing and re-constructing a jetty, the site of which, on the south or Cochin bank of the river, is required for the purpose of having a crane, to unload stone-boats, fixed upon it.

2. Messrs. Aspinwall & Co. cannot claim this compensation as the conditions upon which sites have been granted for the construction of jetties generally, are, that they should be removed whenever the ground may be required for a Government purpose, and if it is granted, it may be quoted hereafter as an inconvenient precedent in case the Government require the sites of other jetties. I beg to recommend it, however, as a special case, because the removal of the jetty will put Messrs. Aspinwall & Co. to some immediate inconvenience, and they have obligingly allowed the jetty to be used, whenever required, during the time the harbour works have been in progress.

3. There is no other suitable site for the crane along the river bank, or I should of course have adopted it.

No. 548. ORDER THEREON, 24th September 1869, No. 3,116.
