GROUNDS OF PROPOSITION.

A SUM of Rupees 15,000 is entered in the Budget for subsidiary buildings in connection with the new Artillery barracks at Cannanore, but as it is only proposed to construct a plunge-bath and fives' court during the current year, the Superintending Engineer has surrendered a portion of the grant, and the sum of Rupees 2,591 has accordingly been made available for the first two works entered in this statement.

2. The plans of the new magazine on the Race-Course at Bangalore (Item No. 52 of the Budget) not having yet been completed, the execution of the work will have to be delayed till 1870-71. Of the Budget grant of Rupees 15,000 for the buildings, Rupees 10,190 have been appropriated in the manner indicated in the papers marginally noted, and the sum of Rupees 4,810 shown in this statement to have been transferred, was to supplement the funds at the Superintending Engineer's disposal for minor new works in Bangalore estimated to cost below Rupees 500 each.

3. The important Streeviguntum Anicut Project for which a sum of Rupees 1,40,000 is provided in the current year's Budget, is being vigorously proceeded with, and as more than the allotment has been already expended and the officer in charge of the work expects to be able advantageously to lay out Rupees 1,40,000 in addition during the year, the extra grant shown in this statement has been placed at his disposal by transfer.

4. A masonry bridge, supposed to have been built in 1843 on the road between Mangalore and the Sumpajee Ghaut, having been destroyed during recent floods, and its re-construction being represented to be urgently necessary as the road on which it is required is the main outlet for the traffic of Coorg and Mysore, the Superintending Engineer has proposed the transfer shown in this application, to admit of the commencement of the work, and authority for making it is accordingly requested.

5. The recent orders of the Government of India regarding the re-appropriation of Budget credits will in future be strictly adhered to.
