OCTOBER.
Nos. 107-108

Treasury Cash Chest — Proceedings Revenue Department, requesting that the design prepared by Mr. Chisholm for a Treasury Cash Chest may be altered as proposed by the Board of Revenue, communicated to the officer concerned.

Proceedings of the Madras Government, Revenue Department, 27th September 1869.

No. 398. Read the following Proceedings of the Board of Revenue, dated 31st August 1869, No. 6,502:—

Read the following Proceedings of the Madras Government, dated 7th August 1869, No. 2,292, Revenue Department.

ABSTRACT.—*Treasury Cash Chest.*—Mr. Chisholm's letter, forwarding a design, referred to the Board of Revenue for remarks.

THE Board are of opinion that an iron chest (for silver) would be better than a wooden one. From the letter recorded with Government order, dated 25th May 1869, No. 1,700, it would appear that the same view was taken by the Subsidiary Jail Committee.

2. More than one chest will probably be required. It will generally be necessary to have one for copper (the chests now in use will do for this purpose) and one for silver. In the latter the whole Rupees and the small coins must be kept in separate compartments of the box. In large treasuries like those at Negapatam and Tanjore, it would probably be necessary to have four chests.

No. 399. ORDER THEREON, 27th September 1869, No. 2,659.

Miscellaneous.

COMMUNICATED to Mr. R. F. Chisholm, through the Public Works Department, with reference to his letter, dated 28th July 1869, No. 315, and with the request that the design of the cash chest may be altered in accordance with the views expressed by the Board of Revenue.
