G.O. No. 3271	Press Mis.
1912-13	
Dated 7 10	1913.

Not to be folded or roughly handled

No. 192. Read the following letter from the Principal of the Civil Engineering College, to the Secretary to Government, Public Works Department, dated Chepauk, 1st October 1869, No. 7:—

I HAVE the honour to inform you that one of the Military Students of this College (Serjeant Neill, Royal Engineers,) has been pronounced by the medical authorities unfit for the close sedentary work of the College, but at the same time fit for any out-door work.

2. As he is a first-rate machinist, and also a good Surveyor, being on first class rates of working pay for excellence in these subjects, I should feel obliged if you could find suitable employment for him in the Public Works Department, otherwise I must send him back to his corps.

3. He is, moreover, a man of excellent character; it seems therefore a pity that his services should be lost to the Public Works Department, more especially when such employment would be beneficial to his health.

4. I have done my best to find him suitable employment, but without success. I therefore take the liberty of soliciting your interest in the Serjeant's behalf.

No. 193. ORDER THEREON, 9th October 1869, No. 3,271.

ESTABLISHMENT, No. 11.

COMMUNICATED to the Superintending Engineer of the 4th Division, who will report whether Serjeant Neill can be usefully employed on the Chembrumbakum Tank project, from which it will soon be necessary to remove Mr. Larminie. Serjeant Neill's salary will be chargeable to the estimate for the work.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.
„ Principal of the Civil Engineering College.
