PUBLIC WORKS DEPARTMENT,
FORT ST. GEORGE, 11*th October* 1869.

No. 3,281.

No. 214.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

ACCOUNT, No. 23.

SIR,—In compliance with the instructions conveyed in the orders appended to the Resolution of the Government of India under date the 1st June 1869, No. 397 A., I am directed to forward statements of the provision made in the current year's Civil Budgets under "Petty Construction and Repair," and to state that the whole amount will be transferred as required to the Public Works Department.

2. The statements are in full detail, but, in that which relates to Police buildings, this Government have not been able to point out any items that, under any possible construction of the rules contained in Chapter X., Section I., paras. 11 to 14 of the Public Works Code of the Government of India, or of paras. 11 and 12 of the observations of His Excellency the Governor General in Council, recorded in the Proceedings of the Government of India under date the 16th October 1865, No. 935 A., can be considered Public Works in the sense of requiring to be provided for in the Public Works Budget Estimates. Whatever then may have been the scope intended to be given to the rules in question, they would seem to have been most strictly followed in the preparation of the Police section of the Civil Budget under "Petty Construction and Repair," and His Excellency in Council has no hesitation in affirming that no works have therein been entered which, as those rules now stand, can possibly be considered Public Works to be provided for in the Public Works Budget.

3. On looking however over the section of the Civil Budget Estimate under "Petty Construction and Repair" of the Revenue Department, His Excellency in Council regrets to find that there are various entries for works which, under any interpretation of the rules, can be classed no otherwise than as Public Works requiring to be provided for in the Public Works Budget.

4. The items referred to are marked in the statement by asterisks. The others, where they are not for works which under the rules hitherto in force are properly to be provided for in the Budget of the department to which they appertain under the head "Petty Construction and Repair," are of a nature to entitle them, in the opinion of this Government, to a place in the Civil rather than in the Public Works Budget, and the mode of suitably providing for them will receive due consideration in the preparation of the next Budgets.

5. Having thus met the requisition of the Government of India, I am instructed distinctly to disclaim the existence of either of the motives to which, in

para. 5 of the Resolution under acknowledgment, the Government of India have thought proper to attribute the action of this Government.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) CHARLES A. ORR, Colonel, R. E.,

*Secretary to Government.*

No 52 02

Office of the Inspector General of Police

Madras 13th August 1869

From

The Inspector General

of Police.

To

The Accountant General

Fort Saint George.

Sir

1 Referring to your letter dated 15th July 1869 No 2515, I have the honor to enclose a detailed Statement of works to be executed under head "Jetty construction and Repair" in 1869-70 together with an abstract of the same.

2 The Annual repair grant provided for each District is allotted as occasion requires.

3 With reference to your letter dated 24th June last, No 2207, I have applied to Government for the full grant of Rupees 58200. The enclosed Statement therefore provides for the expenditure of that amount.

I have the honor to be &c

(Sgd) J. C. Hearn.

Inspector General of Police.

Government of India
PUBLIC WORKS

No. 3281

To

The Secretary to the
Government of India
PWD

Sir,

In compliance
with the instructions
conveyed in the orders
referred to the Re-
solution of the Govt.
of India under date
the 1st June 1869. No.
397 A. I am directed
to forward Statements
of the provision made
in the Current year's
Civil Budgets under

Non
Ry.

Government of India
PUBLIC WORKS

No. 212 - 213

Re-submitted

Re Construction of Bridges

Civil Budget 1869-70

"Public Construction and Repair" and to state that the whole amount will be transferred as required to the Public Works Department.

The Statements are in full detail but in that which relates to Police Buildings, this Government does not seem able to point out any items that, under any possible construction of the rules contained in Chapter X Section I, Paras 11 to 14 of the Public Works Code of the Govt. of India, or of paras 11 and 12 of the observations of His Excellency the Governor General in Council recorded in the Proceedings of the Govt. of India under date the 15th October 1875, No. 935 A, can be considered Public Works in the sense of being provided for in the Public Works Budget estimates — whatever there may have been the scope intended to be given to the rules at in question, they would not seem to have been most strictly followed in the preparation of the Police section of the Civil Budget under "Public construction and Repair"

and His Excellency in Council has no hesitation in affirming that no works have therein been entered which, on these rules now framed, can possibly be considered Public Works to be provided for in the Public Works Budget.

In looking however over the section of the Civil Budget Estimates under "Petty Construction and Repair" of the Revenue Department

Excellency in Council regrets to find that there are various entries for works which, under any interpretation of the rules, can be classed no otherwise than as Public Works requiring to be provided for in the Public Works Budget.

The items referred to are marked in the Statement by asterisks. The others, where they are not for works which under the rules hitherto in

force are proper,
to be provided for in
the Budget of the
Department to which
they appertain under
the head "Petty con-
struction and Repairs"
are of a nature to
entitle them, in the
opinion of this Govt
to a place in the
Civil rather than
in the Public Works
Budget, and the mode
of suitably providing
for them will be
given due consideration

in the preparation of
the next Budgets.

Having thus met
the requisition of the
Govt of India, I am
instructed distinctly,
to disclaim the exis-
tence of either of
the motives to which
in part of the
Resolution under
acknowledgment,
the Govt of India
have thought proper
to attribute the action
of this Government.

Encl 2 13/8/87 with 35 copies
of the Statement of Petty Constructive
Repairs & the Memorandum of
of Statement of Police works

To The Secretary to the
Govt of India F.D.

Sir -

In compliance
with the instructions con
veyed in the endorsement
noted in the Resolution
of the Govt of India
under date the 1st June
1869, No. 397 A. I am
directed to forward a
Statement of the Pro
vision made in the
current year's Civil
Budget under Petty

construction and Repair
for Police Buildings
in this Presidency, and
to settle what measures
have been taken for
transferring the whole
amount to the Budget

This statement is
no full detail, but it
will be observed that
it does not distinguish
any items which, under
the plain reading of
Rules 11 to 14 of Chapter
X Section I of the Fin Code
of the Govt of India,
com, in the opinion
of the Govt, be rightly
included for from the
Budget grant of the Pwd.
Nor have
the Rules of the Code
seem to have been framed
upon Rules 11 and 12 re
of the observations of
His Excellency the Governor
General in Council recorded
in Pro: of the Govt
of India under date the
6th Feb 1865, pages 61, which
give in the clearest terms
an authoritative definition
of what are and are not
to be considered Public Works
in the sense of requiring
to be provided for in
the Pro Budget Estimates.

Amongst the works,
there obviously declared
not to be of the character
of

of Public Works, such
as cannot within a
class afforded for the
construction and repair
of similar improvements
should be made in
the Civil Estimates
of each Year as "Petty
Construction and Repair"
or specially mentioned.
"Police Lines and
Buildings, except Large
Police Stations." This
ruling was subsequently
confirmed in a New Ruling
of the Lords of Police.
in the Financial Depth
under date the 31st Oct 68,
which further prescribed

the manner in
which all charges
on Public Works, which
under that ruling were
to be provided for
in the Civil Estimates,
should be distinctly
localised in the departmental Budgets -
The rule thus shown
to have been carefully
considered appears to
this Committee the
Manner in which
to be enabled in language
which does not admit
of being misunderstood,
and, whatever the scope
intended to have been

been given to it may
have been, no there
encroachment can, this
Lordship is fearful
believes, he just appeals
than that by which
this Court have been
guided in, year by
year, expenditure
the charge for Police
Buildings between the
Liberties and the
Police Buildings in the
Counties with the
Chancellor of the Exchequer
works

There would seem
to be nothing than
to justify in the Opinion

of this Government,
the Conjecture that
the arrangement in
question, have been
adopted by this Court
with the intention of
covertly obtaining an
increase to the P.V.
Grant, or of varying
Civil and Police
Offices the Article
of prescribing the Co
counties which they
would thereafter have
had to furnish to the
Combined Scale,
and Sum to any
that the Co-operation
the Government in

Council resolv
ed, on reconsideration
of the circumstances
this Excellency the
Governor General
in Council will re-
-lieve this Govt from
the imputation con-
-tained in Para 5 of
the Resolution of the
Govt of India under
resly that, in following
a course not only con-
-formable to Rule
but specifically pre-
-scribed by the Govt
of India, any other
object has been in
view than the ad-
vantage of the Public
Service.
