3e9-16

Dated 15 10 1869.

***Not to be folded or roughly handled***

*Proceedings of the Madras Government, Public Works Department,*
*15th October* 1869.

No. 309. Read the following letter from the Officiating Secretary to the Government of India, Public Works Department, (Irrigation,) to the Secretary to the Government of Fort St. George, Public Works Department, dated Simla, 18th September 1869, No. 333 I.:—

I AM directed to acknowledge receipt of your letter, No. 2,517, dated 30th July 1869, requesting authority for the prosecution of work on the Chembrumbrukum Tank Project to the extent of the allotment made for it in the Budget for 1869-70.

2. In reply, I am directed to state that the Governor General in Council will not object to this being done, but I am to remark that permission to class this work finally as Extraordinary must still be withheld, pending the submission of the revised plans and estimates; and that, in the event of satisfactory evidence as to its proving remunerative not being then furnished, the expenditure incurred on the work must be repaid from the "Ordinary" grant for Agricultural Works.

3. The Government of India desires to impress on the Government of Madras the necessity which exists of establishing the sufficiency of returns from works undertaken by means of borrowed money on a thoroughly secure basis, and of making future grants from this source dependent on the extent to which the original calculations of such returns are verified by actual results. Moreover, the Governor General in Council considers it to be imperatively necessary, on financial grounds, that, in the event of expenditure from loan funds being incurred on a project which may have been represented as remunerative when first brought forward, but which may afterwards prove to have been ill-considered, and not to comply with the conditions under which the grant of borrowed money is authorized, to make good any such expenditure by corresponding reduction in the usual ordinary grant for the year following that in which such outlay shall have been incurred.
