G.O. No. 3365	Press Mis.
378-29	
Dated 19 10 18 1899	

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department.

19th October 1869.

No. 378. Read the following letter from the Deputy Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Simla, 2nd October 1869, No. 1,524 R:—

I am directed to acknowledge the receipt of your letter, No. 2,387, of the 21st July 1869, submitting the Review of the Revenue Account of the Great Southern of India Railway for the half-year ending the 31st December 1868.

2. The figures given in the Statement in para. 13 of the Review do not appear to be correct on comparison with the results exhibited in Statement B., and I am directed to request that the discrepancy may be explained.

3. The up and down traffic in goods appear to have been fairly equal, but the average load of two tons per vehicle was very small, and I am to suggest that the earnest attention of the authorities concerned may be drawn to the desirability of improving the loads.

4. The "average number of vehicles undergoing repair at any one time" has apparently been wrongly calculated in the Statement of Rolling Stock, at page 23 of the Review. The proper method is to divide the total of the number of days each vehicle was in the shops, by the number of days in the half-year. The result will be one figure for the entire stock.

No. 379. ORDER THEREON, 19th October 1869, No. 3,365.

RAILWAY, No. 53.

COMMUNICATED to the Consulting Engineer for Railways with reference to his letter dated 17th June 1869, No. 188.

2. Major Shaw Stewart will furnish the explanation called for in para. 2. His special attention will be drawn to para. 3, and he will be careful to follow in future the method pointed out in para. 4 in calculating the average number of vehicles undergoing repair at any one time.

(True Extract.)

Captain, R. E.,
Acting Under Secretary to Government.

To the Consulting Engineer for Railways.

Erd. S. T. Augustin.

It is requested that the
reply to this letter be ad-
dressed to the Secretary to
the Government of India,
in the P. W. Department.

No. 1524 P.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

Railway

To

The Secretary to the Govt. of Madras,
Public Works Dept., (Railway).

Simla, 2^d October 1869.

Sir,

I am directed to acknowledge
the receipt of your letter No. 2387 of the
21st July 1869, submitting the Review
of the Revenue Account of the Great
Southern of India Railway for the
half year ending the 31st December 1868.

2. The figures given in the
Statement in paragraph 13 of the Review
do not appear to be correct on comparison
with the results exhibited in Statement
B. and I am directed to request that the
discrepancy may be explained.

3. The up and down traffic
in goods appear to have been fairly
equal, but the average load of trucks

per vehicle was very small, and I am to sug-
gest that the earnest attention of the author-
ities concerned may be drawn to the de-
sirability of improving the loads.

4. The "average number of vehicles
undergoing repair at any one time" has
apparently been wrongly calculated in the
statement of Rolling Stock at page 23
of the Review. The proper method is to
divide the total of the number of days
each vehicle was in the shops by the
number of days in the half year. -
The result will be one figure for the
entire stock. -

Have the honour to be,

Sir,

Your most obed^t. serv^t.

J. M. H. M. Major, R.E.,

Deputy Secy to Govt of India.
