Para. 3.

With reference to Proceedings of the Board of Revenue dated 4th August 1869 No 5705, and taking into consideration the advisability for immediate action in regard to the Regulation and supervision of the water supply the purity of which is so necessary for maintaining the sanitary condition of the Town of Coonoor and the health of its inhabitants the Commissioners do agree to take over the North Channel Water supply from the 1st Proximo, and request that the Commissioner, Nilgherries (to whom an extract of this Resolution is to be sent) will be good enough to arrange for the transfer of the same at the same time it is hoped that the balance in hand entered in the Budget for 1869-70 in the Estimates of the W. P. W. for this purpose and now in the hands of the Executive Engineer may be allotted to the Commissioners, as their funds owing to the many expenses connected with the sanitary condition of the Municipality have

have reached a very low ebb -
