Proceedings of the Madras Government, Public Works Department,
23rd *October* 1869.

No. 494. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bazoarah, 30th September 1869, No. 90:—

One Estimate, Rupees 383.

I HAVE the honour to forward, for the sanction of Government, an estimate for repairs urgently required to the building partly occupied by the Range Officer (and for which he pays Rupees 7 per month rent) and partly used as a Range office.

2. It was purchased originally for Rupees 450 from the Officer commanding the detachment, probably considerably below its real cost of construction; in consequence thereof the estimate for repairs now submitted exceeds the quarter value. I can supply funds from my allotment under "Repairs" "Civil Buildings," and beg that early sanction may be accorded, as the Range Officer reports that the building is so much endangered, that he has been obliged to commence part of the work to save it.

No. 495. ORDER THEREON, 23rd October 1869, No. 3,425.

CIVIL WORKS, No. 62. SANCTIONED.
