has they been built

of the Cause

*Proceedings of the Madras Government, Revenue Department,
19th January 1869.*

No. 301. Read the following Proceedings of the Board of Revenue, dated 21st December 1868, No. 8,957:—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Vallam, 11th November 1868, No. 235.

1. I have the honor to submit, for the sanction of Government, an Estimate, amounting to Rupees 68,600, for providing bridges across the Cauvery and Koodamurti rivers on Road No. 57, from Puduchuttrum to the Great Southern of India Railway Station at Budalore.

2. These bridges will be constructed in connection with the regulating works now in progress at the head of Koodamurti and the Cauvery, sanctioned in Government Order, dated 14th March 1867, No. 775.

3. The allotment required for these bridges in 1869-70, is Rupees 31,300. As under the recent Orders of Government a moiety of this allotment will be made from the provision for Irrigational works from Imperial Funds, I have entered Rupees 15,695 in the Budget of the District Road Fund, which I have already submitted.

4. Regarding these bridges, Captain Oakes, the Superintending Engineer, writes as follows:— "The bridges will be far more secure than they would have been without the aprons provided for the dam, but all work not actually required for the bridges only, has been excluded from the estimate."

5. The plans of these bridges, the Superintending Engineer informs me, will be submitted by him to Government with the revised estimate of the dams.

ENCLOSURE No. 1.—Estimate.

THE Abstract Estimate, amounting to Rupees 68,600, received with the foregoing letter, will be submitted for the sanction of Government.

2. The work appears as Item No. 129 in the District Road Fund Budget of 1869-70, which is now before Government.

3. With reference to the concluding part of paragraph 12 of Government Order, Revenue Department, 11th November 1868, No. 2,831, the Board request that a moiety of the present Estimate, namely, Rupees 34,300, may be provided from Imperial Funds, as the bridges are to be constructed in connection with the regulating works now in progress at the head of the Koodamurti and Cauvery, sanctioned in Government Order, Public Works Department, dated 14th March 1867, No. 775.

4. If, in consequence of the Imperial Budget being closed, the Government cannot grant this sum immediately, the Board will instruct the Collector to provide the requisite sum as a loan.

5. The Collector is requested to expedite the submission of the plans of the bridges in question.

*Proceedings of the Madras Government, Revenue Department,
19th January 1869.*

No. 302.

ORDER THEREON, 19th January 1869, No. 145.

Miscellaneous.

Referred, together with the estimate, to the Public Works Department for disposal, as a moiety of the cost of the bridges in question is to be provided from Imperial Funds.
