69-70

Dated 26 · 10 1869.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department,
16th October 1869.

No. 69. Read the following letter from the Superintending Engineer of the 7th Division, to the Secretary to Government, Public-Works Department, Fort Saint George, dated Coimbatore, 14th September 1869, No. 99.

I have the honour to submit herewith plan, abstract estimate, and specification of latrines for the male and female inhabitants of Erode, in conformity with the enclosures sent for my guidance with G. O., No. 925, of the 20th March 1869.

One plan.
One survey.
One abstract estimate, No. 22 of 1869-70, Rupees 3626.
One specification.

Each set of latrines, to accommodate seventy-two men and thirty-two women, is estimated to cost Rupees 3626 ; and the letters A and B in the accompanying survey show their positions ; those at A being for the accommodation of the townspeople, those at B for travellers on their way to and from the Railway station. These positions are laid down from rough sketches supplied me by the Collector.

2. The Caroor Range Officer had not quite understood the details of Dr. Arnold Smith's latrine plans, so that I had to order a revision of his draft papers when at Erode in July last, which has caused some delay. I think he has now worked them out very satisfactorily.

Referred to the Public Department, with reference to the orders in that Department, No. 273, dated 4th March 1869.

FORT SAINT GEORGE,
17*th September* 1869.

(Signed) C. A. ORR, Colonel, R.E.,
Secy. to Govt., P. W. D.

No. 70. ORDER THEREON, 16th October 1869, No. 1430.

The Government are not disposed at present to sanction the heavy outlay proposed. The erection of the latrines may be deferred until the extension of the Towns' Improvement Act to Erode.
