No. 349. ORDER THEREON, 19th October 1869, No. 3659.

Adverting to the table submitted with the Barrack Master's letter above recorded, the Governor in Council observes that a revision of the allotment of stabling in the Fort seems to be necessary—some officers appearing to possess more than their actual requirements; while others, holding Departmental appointments, have no shelter for their horses.

2. The Barrack Master will therefore submit a further and more complete statement, showing the number and rank of all the officers quartered in the Fort and the number of those attending office there daily, who are entitled to the provision in question. He will also suggest a redistribution of the existing stable and coach-house accommodation, and will state what additional stabling is necessary to meet all requirements, pointing out, at the same time, eligible sites where such buildings can be erected without impeding the thoroughfares and obstructing ventilation.
