No. 598. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 15th October 1869, No. 2,558 :—

I HAVE the honour to bring to notice that there will be a large saving from the Local Funds of this district in this official year, at present I cannot say exactly how much, but it will probably be half a lac of rupees. I beg therefore to suggest, for the consideration of the Government, that a loan should be obtained from the Board of Revenue by the Government, and the money allotted for the Subsidiary Jails and Cutcherries already approved and sanctioned by Government.

2. The loan would be paid off next year. It is a great loss to Government having these works stopped after they had once been sanctioned and put in hand.

3. In this district, in some instances, if the works are not proceeded with now they could not be taken in hand again till the next monsoon season, as the canals will be closed for annual repairs or by deficiency of water-supply, and there will thus be an additional loss of time, but if ordered to be proceeded with at once there is yet time to send down the materials by water for them.

No. 599. ORDER THEREON, 29th October 1869, No. 3,478.

ACCOUNT, No. 55.

THE Government are unable to entertain the proposal made in this letter.

2. The question of utilizing to the best advantage the saving expected to be effected during the current year on Local Funds will be considered in the Revenue Department.

SIR,

I have the honor to bring to your notice that there will be a large saving from the Local Funds of this District in this Official Year, at present I cannot say exactly how much but it will probably be one ½ Lac of Rupees. I beg therefore to suggest for the consideration of the Government that a loan should be obtained from the Board of Revenue by the Government and the money allotted for the Subsidiary Jails and Cutcherries already approved and sanctioned by Government.

2 The loan would be paid off next year and it is a great loss to Government having these works stopped after they had once been sanctioned and put in Land.

3 In this District in some instances if the works are not proceeded with now they could not be taken in land again till next the monsoon season as the canals will be closed for annual

Annual Repairs or by deficiency of water supply and there will then be an additional loss of time but if ordered to be proceeded with at once there is yet time to send down the materials by water for them.
