No. 34. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bezoarah, 14th October 1869, No. 99 :—

REFERRING to G. O., No. 3,247, of 8th instant, I have the honour to report that, of my original allotment for repairs in the Kistna District, only 445 rupees are unappropriated, and all my Range Officers are earnestly soliciting further grants to meet the damages caused by unusually heavy rains, etc.

2. The expenditure reported to 30th September has exceeded the reduced allotment of Rupees 70,000, and there will be doubtless considerable amount due for work begun, but not completed and measured up.

3. As so much revenue depends on the efficiency of the canals for which no money now remains, I trust that the Government will be pleased to re-consider this one item.

4. I have already surrendered Rupees 97,384 from Extraordinary grants. Vide my letter, No. 96, dated 4th instant.

,, 3,247, ,, 8th Oct. ,,

THE sums withdrawn in the Orders marginally noted from the current year's grant for Public Works having been surrendered to the Government of India, His Excellency the Governor in Council is unable to comply with Lieutenant-Colonel Moberly's request. The appropriations made for repairs under "Agricultural" in the 2nd division should therefore be re-considered by the Superintending Engineer, with a view to the outlay being kept *strictly* within the limits of the reduced assignment.
