*Proceedings of the Madras Government, Public Works Department,
4th November 1869.*

No. 84. Read the following letter from Lieutenant-Colonel F. J. MOBERLY, R. E., Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Masulipatam, 30th October 1869, No. 108:—

I HAVE the honour to report that we have had already very heavy rain, and that it is still threatening. Estimates are coming in very fast for emergent repairs, either to restore banks or to carry off the drainage, but I am utterly without funds under the head of "Repairs, Agricultural."

2. I am compelled to allow the execution of all such repairs to save the revenue, and must beg the Government to place means at my disposal. I fear that the reduction of my allotment may next year produce a loss of revenue greater than the amount saved.

No. 85. ORDER THEREON, 4th November 1869, No. 3,530.

ACCOUNT, No. 8.

LIEUTENANT-COLONEL Moberly should be aware from the recent orders regarding the reduction of expenditure on Public Works during the current official year, that this Government have no means of augmenting the funds which have been placed at the disposal of Superintending Engineers. If money be urgently needed to meet the cost of repairs to Irrigation works it is Colonel Moberly's duty to at once reconsider his appropriations and, by a judicious redistribution, to lay out his funds as most necessarily required, as pointed out in G. O., No. 3,503, dated 2nd November 1869.
