*Proceedings of the Madras Government, Public Works Department,
9th November 1869.*

No. 203. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Coonoor, 26th October 1869, No. 119 :—

With reference to paragraph 7 of G. O., No. 864, of 17th March 1869, I have the honour to request that sanction be accorded to the practice of allowing members of the Petty Establishment to be Public Works disbursers in such cases as the Range Officers under whom they are employed may think necessary, the funds at their disposal at any one time not being allowed to exceed double the amount of the security money to be deposited by them, which may be Rupees 200, as for Talook Overseers.

2. Members of the Petty Establishment are constantly liable to be called on to take the place of Talook Overseers on casualties amongst the latter, and they are also at times employed on detached works not easily accessible from other parts of the talook, where the Overseer may be chiefly employed; and as they are now permanent Government servants, I do not see any objection to their being occasionally entrusted with payments where it may be convenient to do so.

No. 204. ORDER THEREON, 9th November 1869, No. 3,593.

ESTABLISHMENT, No. 21.

THE proposal made in this letter being altogether opposed to the principle laid down in the Manual of Public Works Accounts, the Government must decline to accede to the recommendation of the Superintending Engineer of the 7th Division or to modify their orders of the 17th March 1869, No. 864, under which none other than members of the permanent Executive Establishment can be constituted Public Works disbursers without special sanction in each case.
