Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
4th February 1869.*

No. 123. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 21st January 1869, No. 5,025 :—

Read the following letter from the Executive Engineer, 4th Range, Madras District, to the Superintending Engineer, 4th Division, dated Chingleput, 16th January 1869, No. 250.

1. In forwarding the enclosed estimate for erecting a pandal around the building in which I hold my office, a small bungalow attached to the Sub-Collector's Cutcherry here, which has been courteously placed at my disposal for that purpose since the formation of this Range, I have the honour to request your early sanction for the same, and to explain that some such protection from the weather is urgently needed, both for the better security of the records, instruments, &c., belonging to the Range, and for the comfort of those who are obliged to attend the office in all weathers.

2. The building contains one centre room and two side rooms, the former measuring 18×12 feet, the latter 12×6 feet each; they are ill-ventilated, and as the roof is low it is almost impossible to work in it during the hot weather.

3. I beg further to call your attention to the very limited accommodation which the office affords.

4. The centre room is occupied by me, one side room by my Accountants, the other by my Writers. My Surveyors, Overseers, and their establishments, are obliged to occupy a small out-house attached to this office, formerly used as a kitchen, and in which all surplus tools and plant are stored, and much of the room in the office is taken up by the furniture which is absolutely required and in use. I need not describe the building further for you have seen it.

5. I would, therefore, respectfully suggest that application be made to Government for a small sum as office rent for this Range, as a temporary measure at least, until the completion of the projects on which my Surveyors are at present engaged, there is only one available building, and I can engage a part of it for Rupees 20 a month.

6. Recommending the above to your favourable consideration.

SUBMITTED to Government with the Superintending Engineer's recommendation that a monthly rent of Rupees 10 per mensem may be authorized, the charge being debited to savings on the general allotment for "Establishments" and Office contingencies.

2. If this be sanctioned, the pandal will not be required.
(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

No. 124. ORDER THEREON, 4th February 1869, No. 361.

ESTABLISHMENT, No. 19.

The Government do not see sufficient reason for incurring the charge for house-rent for which sanction is requested in this letter.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.

To

The Superintending Engineer

1st Division

Sir,

In forwarding the enclosed Estimate for erecting a pandal around the building in which I hold my office, a small Bungalow attached to the Sub Collector's Cutcherry here which has ^{been} ~~been~~ ^{courteously} placed at my disposal for that purpose since the formation of this Range, I have the honor to request your early sanction for the same and to explain that some such protection from the weather is urgently needed both for the better security of the records & instruments ~~belonging~~ ^{belonging} to the Range and for the comfort of those who are obliged to attend the office in all weathers.

The building contains one Centre room and two side rooms the former measuring 18x12 feet the latter 12x6 feet each. They are ill ventilated and as the roof is low it is almost impossible to work in it during the hot weather.

I beg further to call your attention to the very limited accommodation which the office affords.

The Centre room is occupied by me one side room by my Accountants the other by my Writers

5
Writers. My Surveyors Quarters and their Establishments
are obliged to occupy a small out-house attached to
this office, formerly used as a kitchen, and in which
all surplus tools and plant are stored, and much of
the room in the office is taken up by the furniture
which is absolutely required and in use. I need not
describe the building further for you have seen it.

6
I would therefore respectfully suggest
that application be made to Government for a small
sum as office rent for this House as a temporary
measure at least until the completion of the Project
on which my Surveyors are at present engaged there is
only one available building and I can engage a part
of it for Rs 20 a month.

6
Recommending the above to your favourable
consideration.

I have the honor Sir

Sir

Your most obedient servant

G. B. Vengat

Enclosures one only
Subject

It is proposed to erect a Pandol around his office and explaining necessity for the work. Also requests that an application be made to Government for a small office rent and giving reasons for the same.

20 Feb. 1/5/69
a grant of 10 months is granted
If this the Pandol will
not be left

Submitted to Government with the
Superintending Engineer's recommendation
that a monthly rent of Rupees 10 per
Inensem may be authorized, the charge
being debited to savings on the General
allotment for "Establishments" and
Office Contingencies.

If this be sanctioned, the
Pandol will not be required.
