*Proceedings of the Madras Government, Public Works Department,
6th February 1869.*

No. 174. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 22nd January 1869, No. 56 A :—

1. I am directed to acknowledge receipt of your letter, No. 495, dated 21st December 1868, submitting the Regular Public Works Estimate of the Madras Presidency for 1868-69, and, in reply, to state as follows :—

2. The first point that calls for notice is, that the sum provided for expenditure on Military Works during 1868-69 is Rupees 12 lacs, but considering that the outlay on this head of service, from April to October 1868 inclusive, according to the accounts rendered to the Accountant General, Public Works Department, has

amounted to Rs. 6,13,622 only, the total grant may probably not be required, and I am to enquire whether at least one lac from this grant might not be made available for expenditure elsewhere.

3. It is further observed that the Regular Estimate of expenditure on "Other Services" exceeds the grant by Rupees 92,476, as per margin. This excess, which appears to fall chiefly under the head Establishment, should be provided for by a re-appropriation of existing credits so as not to exceed the grant, and I am to request that this may be done.
